

TOWN OF BLUEFIELD
RESOLUTION
COMMITMENT TO OBESITY PREVENTION

Preamble

WHEREAS, in January 2013, the Virginia Municipal League entered into a memorandum of understanding with the Institute for Public Health Innovation to work collaboratively on the HEAL Cities & Towns Campaign; and

WHEREAS, the Town of Bluefield has the ability to affect the health of its residents; and

WHEREAS, planning and constructing a built environment that encourages walking, biking and other forms of physical activity can promote health; and

WHEREAS, high rates of costly chronic disease among both children and adults are correlated to environments with few or no options for healthy eating and active living; and

WHEREAS, more than half of Virginia's adults are overweight or obese and therefore at risk for many chronic conditions including diabetes, heart disease, cancer, arthritis, stroke and hypertension; and

WHEREAS, one in three youth in Virginia is overweight or obese; and

WHEREAS, more children are being diagnosed with diseases linked to overweight and obesity previously seen only in adults, such as Type 2 diabetes and heart disease; and

WHEREAS, the current generation of children are expected to have shorter lives than their parents due to the consequences of obesity; and

WHEREAS, obesity takes a tremendous toll on the health and productivity of all Virginians; and

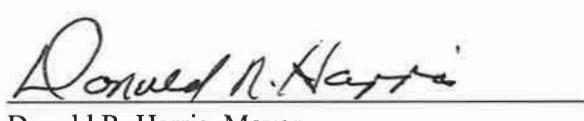

WHEREAS, the annual cost to Virginia – in medical bills, workers compensation and lost productivity – for overweight, obesity, and physical inactivity exceeds \$3 billion; and

WHEREAS, teens and adults who consume one or more sodas or sugar sweetened beverages per day are more likely to be overweight or obese; and

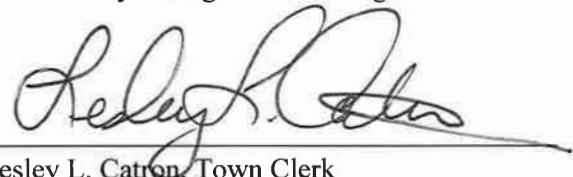

WHEREAS, supporting the health of residents and the local workforce would decrease chronic disease and health care costs and increase productivity; and

WHEREAS, Tazewell County, Virginia is Virginia's least healthy place to live in Virginia out of 133 counties.

NOW THEREFORE, BE IT RESOLVED, that the Bluefield, Virginia Town Council hereby recognized that obesity is a serious public health threat to the health and wellbeing of adults, children and families in Bluefield, Virginia and a commitment is needed to put healthy choices within reach of all residents. While individual lifestyle changes are necessary, individual effort alone is insufficient to combat obesity's rising tide. Significant societal and environmental changes are needed to support individual efforts to make healthier choices. To that end, Bluefield, Virginia adopts this Healthy Eating Active Living Resolution.

Donald R. Harris, Mayor

Lesley L. Catron, Town Clerk
